

### 3 important parameters in GD updated on Jan 2025

#### How should you make your points in GD?

When a candidate speaks to his/her point in a group discussion, the moderator will judge him/her on three parameters, they are

1. Content
2. Verbal communication
3. Non-Verbal communication

#### Content

The point that are about to make must-

Express richness (diversity/innovation) of your thought

Be structured

Express your knowledge (fact/quote) on the topic

Be relevant to the topic and the point that the group might be discussing at that moment

#### Verbal communication

The way you put your content/point forward is also very important. It must -

Be simple and devoid of any jargons.

Be precise and short

Not be extreme in thoughts

Be practical's rather than ideal

Express modulation in your voice

#### Non-Verbal communication

While you are making your point your body language speaks simultaneously. It tells a lot about you. While speaking you must-

Maintain eye contact with all the members

Body should be relaxed and calm

Hand movements should be controlled
